

# Compatibility List Instructions

NANODROPPER

Use the Compatibility List below to see if compatibility information for your medication already exists.

**Nanodropper is not compatible with any preservative-free bottles/vials.**

STEP  
1

Manufacturer  
Medication

Find the **medication name** and **manufacturer** on your current eyedrop bottle.

STEP  
2

Look for your medication name in the left column on the list below. Note that there might be multiple entries for your medication.

MEDICATION	MANUFACTURER	COMPATIBILITY
Latanoprost	Sandoz	Size 15
Latanoprost	Somerset	Size 14
Latanoprost	Greenstone LLC	Not Compatible

STEP  
3

Check your medication manufacturer listed to the right of your medication name in the middle column.

MEDICATION	MANUFACTURER	COMPATIBILITY
Latanoprost	Sandoz	Size 15
Latanoprost	Somerset	Size 14
Latanoprost	Greenstone LLC	Not Compatible

STEP  
4

If listed, check the compatibility status/size in the far-right column. If not listed, please contact us [here](#) to determine the compatibility of your bottle. If incompatible, see resources at bottom of document.

MEDICATION	MANUFACTURER	COMPATIBILITY
Latanoprost	Sandoz	Size 15
Latanoprost	Somerset	Size 14
Latanoprost	Greenstone LLC	Not Compatible

*Note: Compatibility information reflects physical bottle fit only and is not an endorsement for use with any specific medications or formulations. Always consult your eyecare provider to check if Nanodropper is appropriate for your treatment plan. Please refer to manufacturer guidelines for all safety and expiration information.*

**Have an incompatible bottle?**

Please see resources on the following pages.

# Is your bottle incompatible?

Here are some resources for you!

Using the Compatibility List, you determined that your medication is not compatible with the Nanodropper Adaptor.

Please see below for a list of common incompatibility scenarios and resources.

Please talk to your doctor before making any changes to your medications.

This is not intended to serve as medical advice.

## SCENARIO

# 1

**Your bottle is incompatible with Nanodropper but compatible options for this medication DO exist.**

*Example: Latanoprost manufactured by Sandoz and Somerset are compatible alternatives to latanoprost manufactured by Greenstone, which is not compatible with Nanodropper.*

MEDICATION	MANUFACTURER	COMPATIBILITY
Latanoprost	Sandoz	Size 15
Latanoprost	Somerset	Size 14
Latanoprost	Greenstone LLC	Not Compatible

You can **call local pharmacies** to see if they stock the same medication made by a compatible manufacturer. Please note that insurance coverage may differ between manufacturers.

## SCENARIO

# 2

**Your bottle is incompatible with Nanodropper but compatible options for this medication DO NOT exist.**

*Example: Pataday Once Daily manufactured by Alcon is not compatible with the Nanodropper Adaptor. For some incompatible eyedrop bottles, compatible medications that may be considered as alternatives are provided.*

MEDICATION	MANUFACTURER	COMPATIBILITY
Pataday Once Daily	Alcon	<b>Not Compatible</b> See possible alternative*: Lastacast or Pataday Twice Daily

\* Please talk to your doctor before making any changes to your medications. This is not intended to serve as medical advice.
